

GitHub Profile Achievements & Badges

Below are the **obtainable badges** along with their tiered versions and how to earn them.

Badge Name	How to Obtain (Base Level)	Tier Progression	Tier Levels
Quickdraw	Close an issue or PR within 5 minutes of opening	Tiered by increasing counts	Bronze (×2), Silver (×3), Gold (×4)
Pull Shark	Have 2 pull requests merged	Tiered—more merges unlock higher tiers	Bronze (16), Silver (128), Gold (1024) merges
YOLO	Merge a pull request without any code review	No tiers	Base level only
Pair Extraordinaire	Be a co-author on a merged pull request	Tiered—more collaborations increase tier	Bronze (10), Silver (24), Gold (48) merged PRs
Galaxy Brain	Have 2 accepted answers in Discussions	Tiered—more accepted answers increase tier	Bronze (8), Silver (16), Gold (32) accepted answers
Starstruck	Create a repository that gets 16 stars	Tiered—more stars yield higher tiers	Bronze (128), Silver (512), Gold (4096) stars
Public Sponsor	Sponsor someone via GitHub Sponsors	No tiers	Base level only

Badges That Are Not Obtainable

- **Heart On Your Sleeve:** Reacted with a ❤️ emoji on GitHub (testing; not public yet)
- **Open Sourcerer:** PRs merged in multiple public repos (testing phase)
- **Mars 2020 Contributor:** Contributed to repositories used in Mars 2020 Helicopter Mission (no longer available)
- **Arctic Code Vault Contributor:** Contributed to GitHub's 2020 Archive Program (no longer available)

Details & Community Insights

- **Badge Tiers** – Many badges have Bronze, Silver, and Gold tiers based on quantity thresholds. For example:
 - Pull Shark: Bronze at 16 merged PRs, Silver at 128, Gold at 1024.
 - Galaxy Brain and Starstruck follow similar tier systems.

- **Skin Tone Variants** – Some badges vary visually depending on your emoji skin tone preference in GitHub settings.
- **Community Documentation** – Repositories such as `Thinkright20/Profile-Badges` and `Schweinepriester/github-profile-achievements` offer complete lists, visuals, and how-to guides maintained by the community.
